*"We must use time creatively, and forever realize that the time is always ripe to do right."* - Dr. Martin Luther King, Jr.

If you have something YOU are passionate about, please tell us so we can spread the word.

Many people may be hesitant about trying this. Some may fear they don't have the "necessary" skills. Here's the truth. No skill is needed – there are many kinds of jobs. AND you will learn new skills. Ever wanted to run a chop saw? Or even want to know what is a chop saw!! There are many people who arrive never having used a hammer – and a useful task is found for them. For more information, contact Ed Walsh at [walshnboro@gmail.com](mailto:walshnboro@gmail.com)

This is a chance to talk with your state legislators about a wide range of important issues. Here's what happens: In the morning hear speeches relevant to Social Justice Issues. Learn how to advocate for the issues important to you. In the afternoon, visit your state senator and representative and talk about what's important to you. Jerry is going and would love company. Most likely take the train in that morning – no parking problems. Issues are Climate, Economic, Criminal Reform, Immigrant Reform.

Jerry Breecher is the editor of this Social Justice Action sheet. I welcome any and all notices you would like to place here. Inherent in any such listing as this is a point of view – your point of view may differ from mine, but I would be truly delighted to express your social action agenda here.
