

Social Justice Action

"We must use time creatively, and forever realize that the time is always ripe to do right."- Dr. Martin Luther King, Jr.

If you have something YOU are passionate about, please tell us so we can spread the word.

Help Immigrants

A message from Love Resists: A caravan of individuals and families is currently making its way toward the southern border of the United States. Hundreds of adults and children are fleeing violence and political repression in their home countries in Central America, especially in Honduras. Many hope to ask for asylum when they reach the U.S. border. The Trump administration's response has been to send the national guard to an already militarized border. But we know that we are all connected and it's time to have each other's backs.

Clean Energy

Every Monday is [a statewide call-in day](#) to our legislators to demand that they support **S.2302: An Act to Promote a Clean Energy Future** and **H.2913: An Act Relative to Environmental Justice and Toxics Reduction in the Commonwealth**. These bills will increase renewable energy production in the commonwealth, protect us from paying for more fossil fuel infrastructure, and ensure that environmental justice policies are enforced. In other words, they'll make a big impact.

The beautiful thing is that we've made calling in EASY. [We've set up a call tool with a phone script so that all you need to know is your home address](#). We've taken care of the rest. Make these calls and if you can, contact Speaker Deleo (617-722-2500) and make sure his office knows what we're calling for as well.

Economic Justice

Coming to the Ballot in November: \$15 minimum wage + Paid Family Medical Leave

Research shows that raising the minimum wage does NOT hurt business and DOES help workers. See research from census bureau at <https://tinyurl.com/y9nsrtzt>

Criminal Law Reform What A Difference a DA Makes

Join the #DADifference Accountability Campaign!

District Attorneys are the most powerful people in the criminal justice system. They decide who gets charged with a crime – and determine how most criminal cases are resolved. This means these **elected officials** have tremendous impact on people's lives and our communities (over the past 20 years, 77% of DAs ran unopposed!) It's time to use our voices – and our vote – to make our criminal legal system fairer for everyone. Holding your DA accountable starts with getting to know them.

Court Watch

115 court watch volunteers are now trained and gathering information in our courts. Volunteers are gathering quantitative and qualitative data to help inform our campaign.
